

Anti-GCN4 tag (HLENEVARLKK) Antibody (C11L34)

Summary

| | |
|------------------------------|--|
| Catalog No. | RGX52001 |
| Clone ID | C11L34 |
| Host species | Mouse |
| Species reactivity | General |
| Form | Liquid |
| Storage buffer | 0.01M PBS, pH 7.4. |
| Concentration | 0.77 mg/ml |
| Purity | >95% as determined by SDS-PAGE. |
| Clonality | Monoclonal |
| Isotype | IgG2a |
| Applications | ELISA, SPR |
| Target | GCN4 tag (HLENEVARLKK), GCN4 tag |
| Purification | Protein A/G purified from cell culture supernatant. |
| Endotoxin level | Please contact with the lab for this information. Use a manual defrost freezer and avoid repeated freeze-thaw cycles. |
| Stability and Storage | Store at 4°C short term (1-2 weeks). Store at -20°C 12 months. Store at -80°C long term. |
| Note | For research use only. |
