

Anti-LPS/Lipopolysaccharide Antibody (SAA0597)

Summary

Catalog No. RXX02126

Clone ID SAA0597

Host species Mouse

Species reactivity Klebsiella pneumoniae

Form Liquid

Storage buffer 0.01M PBS, pH 7.4.

Concentration 1 mg/ml

Purity >95% as determined by SDS-PAGE.

Clonality Monoclonal

Isotype IgG2a

Applications ELISA, FCM

Target Lipopolysaccharide (LPS), O-polysaccharide moiety (Klebsiella

pneumoniae O3 serotype O-antigen)

Purification Protein A/G purified from cell culture supernatant.

Endotoxin level Please contact with the lab for this information.

Accession ChEBI: 16412

Use a manual defrost freezer and avoid repeated freeze-thaw cycles.

Stability and Storage Store at 4°C short term (1-2 weeks). Store at -20°C 12 months. Store at -

80°C long term.

Note For research use only.
