

Anti-HRSV F Protein Antibody (131-2A)

Summary

Catalog No. RVV02818

Clone ID 131-2A

Host species Mouse

Species reactivity Human respiratory syncytial virus

Form Liquid

Storage buffer 0.01M PBS, pH 7.4.

Concentration 1.29 mg/ml

Purity >95% as determined by SDS-PAGE.

Clonality Monoclonal

Isotype IgG2a

Applications ELISA, FCM, IF, WB

Target F, Fusion glycoprotein F0, Protein F

Purification Protein A/G purified from cell culture supernatant.

Endotoxin level Please contact with the lab for this information.

Use a manual defrost freezer and avoid repeated freeze-thaw cycles.

Stability and Storage Store at 4°C short term (1-2 weeks). Store at -20°C 12 months. Store at -

80°C long term.

Note For research use only.
