

## Anti-HBV HBcAg Monoclonal Antibody (1A246)

## **Summary**

Catalog No. MVV11504

Clone ID 1A246

Host species Mouse

Species reactivity Hepatitis B virus (HBV)

Immunogen HBV HBcAg Protein.

Form Liquid

Storage buffer 0.01M PBS, pH 7.4.

Concentration 2.8 mg/ml

Purity >95% as determined by SDS-PAGE.

**Clonality** Monoclonal

**Isotype** IgG

**Applications** ELISA

Target Capsid protein, Core antigen, Core protein, HBcAg, p21.5, C

**Purification** Protein A/G purified from cell culture supernatant.

Endotoxin level Please contact with the lab for this information.

Use a manual defrost freezer and avoid repeated freeze-thaw cycles.

Stability and Storage Store at 4°C short term (1-2 weeks). Store at -20°C 12 months. Store at -

80°C long term.

Note For research use only.
