

# Anti-Human CD333/FGFR3 Antibody (SAA2075), PerCP

## Summary

---

|                              |                                                                           |
|------------------------------|---------------------------------------------------------------------------|
| <b>Catalog No.</b>           | FHD52924                                                                  |
| <b>Clone ID</b>              | SAA2075                                                                   |
| <b>Host species</b>          | Mouse                                                                     |
| <b>Conjugation</b>           | PerCP                                                                     |
| <b>Species reactivity</b>    | Human                                                                     |
| <b>Form</b>                  | Liquid                                                                    |
| <b>Storage buffer</b>        | 0.01M PBS, pH 7.4, 0.2% BSA, 0.05% Proclin 300.                           |
| <b>Concentration</b>         | 0.5 mg/ml                                                                 |
| <b>Clonality</b>             | Monoclonal                                                                |
| <b>Isotype</b>               | IgG2a, kappa                                                              |
| <b>Applications</b>          | FCM                                                                       |
| <b>Target</b>                | Fibroblast growth factor receptor 3, FGFR-3, 2.7.10.1, CD333, FGFR3, JTK4 |
| <b>Endotoxin level</b>       | Please contact with the lab for this information.                         |
| <b>Accession</b>             | P22607                                                                    |
| <b>Stability and Storage</b> | Store at 4°C for 12 months. Protect from light. Do not freeze.            |
| <b>Note</b>                  | For research use only.                                                    |
