

## Anti-PSMA1 Antibody (R1S86)

## Summary

| Catalog No.         | RHD67901                                                                                                                                                                                                                      |
|---------------------|-------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------|
| Clone ID            | R1S86                                                                                                                                                                                                                         |
| Host species        | Rabbit                                                                                                                                                                                                                        |
| Tested applications | FCM: 1:20-1:100, IF: 1:50-1:200, IHC: 1:100-1:200, IP: 1:20-1:50, WB: 1:1000-1:2000                                                                                                                                           |
| Species reactivity  | Human, Mouse, Rat                                                                                                                                                                                                             |
| Form                | Liquid                                                                                                                                                                                                                        |
| Storage buffer      | 0.01M PBS, pH 7.4, 0.05% BSA, 50% Glycerol, 0.05% Sodium azide.                                                                                                                                                               |
| Concentration       | 1 mg/ml                                                                                                                                                                                                                       |
| Purity              | >95% by SDS-PAGE.                                                                                                                                                                                                             |
| Clonality           | Monoclonal                                                                                                                                                                                                                    |
| Isotype             | IgG                                                                                                                                                                                                                           |
| Applications        | FCM, IF, IHC, IP, WB                                                                                                                                                                                                          |
| Target              | NU, 30 kDa prosomal protein, HC2, Proteasome subunit alpha type-1,<br>Proteasome nu chain, PROS30, PROS-30, PSC2, PSMA1, Proteasome<br>component C2, Multicatalytic endopeptidase complex subunit C2,<br>Macropain subunit C2 |
| Purification        | Protein A/G purified from cell culture supernatant.                                                                                                                                                                           |
| Endotoxin level     | Please contact with the lab for this information.                                                                                                                                                                             |
| Accession           | P25786                                                                                                                                                                                                                        |
|                     |                                                                                                                                                                                                                               |

Recombinant Proteins & Antibodies

| Stability and Storage | Use a manual defrost freezer and avoid repeated freeze thaw cycles. Store at 4 °C for frequent use. Store at -20 °C for twelve months from the date |
|-----------------------|-----------------------------------------------------------------------------------------------------------------------------------------------------|
| Stability and Storage | of receipt.                                                                                                                                         |
| Note                  | For research use only.                                                                                                                              |
