

Anti-Salmonella serogroup B O-polysaccharide Antibody (SAb2284)

Summary

Catalog No. RXX25801

Clone ID SAb2284

Host species Mouse

Species reactivity Salmonella serogroup B

Form Liquid

Storage buffer 0.01M PBS, pH 7.4.

Concentration 1.99 mg/ml

Purity >95% as determined by SDS-PAGE.

Clonality Monoclonal

Isotype IgG2a

Applications ELISA, IF, WB

Salmonella serogroup B O-polysaccharide, alpha-D-Galp- $(1\rightarrow 2)$ -[alpha-D-

Target Abep- $(1\rightarrow 3)$]-alpha-D-Manp, alpha-D-Galp- $(1\rightarrow 2)$ -[alpha-D-Abep- $(1\rightarrow 3)$]-alpha-D-Abep- $(1\rightarrow 3)$ -[alpha-D-Abep- $(1\rightarrow 3)$ -[alpha-D-Abep-(1

>3)]-alpha-D-Manp

Purification Protein A/G purified from cell culture supernatant.

Endotoxin level Please contact with the lab for this information.

Accession ChEBI: 59319

Recombinant Proteins & Antibodies

Use a manual defrost freezer and avoid repeated freeze-thaw cycles.

Stability and Storage Store at 4°C short term (1-2 weeks). Store at -20°C 12 months. Store at -

80°C long term.

For research use only. Note
