

## Anti-Human TNC Antibody (ST2146)

## Summary

| Catalog No.        | FHD64010  |
|--------------------|---|
| Clone ID           | ST2146  |
| Host species       | Mouse   |
| Conjugation        | Unconjugated  |
| Species reactivity | Human   |
| Form               | Liquid  |
| Storage buffer     | 0.01M PBS, pH 7.4.  |
| Concentration      | 1 mg/ml   |
| Purity             | >95% as determined by SDS-PAGE.   |
| Clonality          | Monoclonal  |
| Isotype            | IgG2b   |
| Applications       | FCM   |
| Target             | Myotendinous antigen, Neuronectin, GMEM, Tenascin, Tenascin-C, TN-C,<br>TNC, TN, Cytotactin, GP 150-225, Glioma-associated-extracellular matrix<br>antigen, HXB, Hexabrachion, JI |
| Purification       | Protein A/G purified from cell culture supernatant.   |
| Endotoxin level    | Please contact with the lab for this information.   |
| Accession          | P24821  |

Recombinant Proteins & Antibodies

|                       | Use a manual defrost freezer and avoid repeated freeze-thaw cycles.       |
|-----------------------|---|
| Stability and Storage | Store at 4°C short term (1-2 weeks). Store at -20°C 12 months. Store at - |
|                       | 80°C long term.   |
| Note                  | For research use only.  |
